Requirements for Certified Milk Inspector Certificate

Applicants must meet one of the three combinations of education and work experience listed below:

1. An associate degree or higher in an agricultural field and at least one month of supervised field experience in dairy farm inspection.
2. A minimum of six months experience in dairy farm inspection.
3. At least one year of experience in the dairy industry and at least one month of supervised field experience in dairy farm inspection.

Persons with these qualifications may obtain a Trainee Certificate until completion of six months of inspection experience.

* The authority to request the information contained in this document is found in Section 16 of the Agriculture & Markets Law and the specific section or sections of that Law which relate to the license, permit, certificate, approval, registration or permission which you seek. The principal purpose for which this information is collected is to enable the Department of Agriculture & Markets to determine whether or not to issue the requested license, permit, certificate, approval, registration or permission. This information will be used by the Department of Agriculture & Markets for the purpose of evaluating your application and enforcing and administering the Agriculture and Markets Law.

Disclosure of your federal social security and federal employer identification numbers by you is mandatory and is authorized by Section 5 of the Tax Law. The principal purpose for which this information is collected is to enable the Department of Taxation and Finance to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the Tax Law administered by the Commissioner of Taxation and Finance for administering the Tax Law and for any other purpose authorized by the Tax Law.

Should you fail to provide all of the requested information, your application may not be processed.
