

The New York State Department of Agriculture and Markets is a continuing education provider for veterinarians licensed in New York State. In all cases, veterinarians can receive continuing education credits for attendance which can be used for your triennial license registration. In some cases, where the material has been specifically prepared by USDA, you may also receive continuing education credits towards the renewal of your accreditation under the National Veterinary Accreditation Program. The following is a list of continuing education meetings that are currently scheduled around NYS. Please check this schedule periodically for updates!
