Agriculture and Markets

How to use your Farmers Market Checks:

- Choose a farmers market from the list included in this folder and note its day(s) and hours of operation.
- For the freshest fruits and vegetables and the best selection, come soon after the market opens for the day.
- Look for the farmers with the sign: “We Gladly Accept New York State Farmers Market Checks”.
- Use your checks to buy locally grown fresh fruits, vegetables, and herbs. You may use cash as well.
- **Each check is worth \$5.00. You cannot get change.**
- If you buy items worth less than one or more checks, the farmer will add produce to make up the difference.
- You **cannot** use your checks to buy non-produce items like apple cider, honey, maple syrup, eggs, baked goods, jams and jellies, plants, flowers, ornamental pumpkins, gourds, or tropical or citrus items.
- **You must use your checks between June 1 and November 30. Some markets close for the season before November 30. Be sure to check the Farmers Market List or ask at the market.**
- If you have questions about selecting, storing, and preparing fresh produce ask farmers at the market.
- Plan several trips to the market so you use all of your checks before November 30.
- If you have questions or problems, contact your WIC or Senior program staff. If you need more information on farmers market locations, call the **WIC Hotline: 1-800-522-5006 or the Senior Hotline 1-800-342-9871.**
