Bid Listing Form

For Inclusion on AGM Website

With the goal of fostering greater connectivity between our local NYS farmers and School Food Authorities (SFAs), we have created a listing on the Farm-to-School section of the NYS Department of Agriculture and Markets (AGM) website that will allow SFAs to post links to their current agricultural product bids. This page will be utilized by farmers to access these bids and is intended to increase cooperation between NYS farmers, food producers, and/or distributors, and SFAs.

To list your bid, please complete the fillable form below and email the form to the following email address:
