Agricultural Environmental Management

Certified Planner Directory

2026

Revised March 2026

For the Development of Comprehensive Nutrient Management Plans (CNMPs)

Agricultural Environmental Management

Certified Planner Directory

https://agriculture.ny.gov/soil-and-water/certified-aem-planner-directory

Introduction

Agricultural Environmental Management (AEM) is a voluntary, incentive-based program that helps farmers operate environmentally sound and economically viable businesses. The AEM Program coordinates agricultural and environmental conservation agencies and programs, as well as private sector consultants, to provide quality conservation services for farmers. AEM supports common-sense, cost-effective, and science-based decisions to meet farm goals while protecting and conserving New York's natural resources. By participating in AEM, farmers can document their environmental stewardship and further advance their positive contributions to their communities, our food and bio-systems, the economy, and the environment.

NYS County Soil and Water Conservation Districts lead AEM at the local level with farmers and conservation partners (including private sector consultants). Altogether, over a third of all farms in the state participate in AEM.

Using the AEM Program's framework and 5-Tiered Approach (aligned with the NRCS Planning Process), farmers required and/or interested in having a Comprehensive Nutrient Management Plan (CNMP) for their farm work with local AEM resource professionals to develop and implement a CNMP. CNMPs must be developed by an AEM Certified Planner and, upon completion, signed by both the Certified Planner and the Farmer. Planners become Certified through an extensive process that involves achieving and maintaining Certified Crop Adviser (CCA) credentials and the completion of the CNMP Certification Training. Upon completion of the training, the individual must submit three plans for review and acceptance (CNMP 3-Plan Review Process) to obtain full Certification to develop and sign CNMPs. Once a Planner is Certified, the AEM Certified Planner - CNMP Quality Assurance Program (including QA/QC Plan Reviews) reviews the Planner's credentials and work on a continual basis to ensure quality planning.

AEM Planner Certification is a designation given by the Commissioner of the NYS Department of Agriculture and Markets; the Commissioner may revoke an individual's AEM Planner Certification for failure to maintain their CCA Certification or satisfy CNMP QA/QC Plan Review requirements (including meeting NRCS Conservation Practice Standards in developing / updating plans). All status activities regarding AEM Planner Certification (e.g., initial Certification, Certification maintenance, Decertification) are overseen by the Commissioner and authorized by the Executive Director of the NYS Soil and Water Conservation Committee (SWCC), under advisement and recommendations by the CNMP Specialists.

Planners with this designation are Certified to develop CNMPs that:

- Meet USDA NRCS Planning Process, Conservation Practice Standards, and satisfy the requirements of the New York AEM/NRCS CNMP Quality Assurance Review Checklist;
- Are in concert with the business objectives of the farm enterprise;
- Address the environmental concerns of the farm and the watershed;
- Meet the requirements of the NYS Department of Environmental Conservation: Environmental Conservation Law (ECL) State Pollution Discharge Elimination System (SPDES) General Permit for Concentrated Animal Feeding Operations (CAFOs).

Purpose of the Directory

This Directory is designed to assist farm businesses with the selection of AEM Certified Planners. You will find a regional, county by county breakdown, which indicates the Planners who provide services in that particular county. An alphabetical inventory of all AEM Certified Planners wishing to be listed in this public Directory is organized on pages 19-22. We encourage you to identify the most appropriate Planner for the job and time frame required. Some Planners may provide additional services beyond CNMP planning. For further information about these services, please contact a Planner listed in your area.

For additional updates of this Directory please visit: https://agriculture.ny.gov/soil-and-water/certified-aem-planner-directory
